15. [REDACTED] TRAVEL Paul Nelson, Staff Director,

House Banking and Currency Committee, called to say Chairman Henry Reuss, and Representative Andrew Young (D., Ga.), of the Rules Committee, would be travelling to Cuba the last week in August at the request of the Cuban government and Nelson, who will accompany them, would like some background information for this trip. He said he was particularly interested in statistical data on GNP over time plus balance of trade and balance of payments figures. I told him I was not sure we had anything that was unclassified but I would check and also look into the possibility of providing Nelson with a background briefing. He was most pleased with this possibility and I said I would be back in touch with him.

16. [REDACTED] ADMINISTRATIVE [REDACTED] OTR, called and asked if I thought we could arrange to have a member of Congress address the Senior Seminar on the Hill on Tuesday, 18 November, sometime during the afternoon. [REDACTED] would like me to speak to the class about our relationships with the Congress either before or after the member's address. I mentioned Representative Jack Kemp as a good possibility and told him we would keep this in mind and pursue it when Congress returns.

17. [REDACTED] LIAISON Joe Carter, Administrative Assistant

to Representative Theodore Risenhoover (D., Okla.), called to say one of their constituents in Oklahoma had read in the paper that CIA was giving up Air America and the constituent is interested in purchasing the airline. Carter commented they have a good airport in Muskogee and would be very interested in having Air America relocate there. He went on to say that the constituents in Muskogee were very much in favor of the Agency and supported it and said if there was anything they could do for us to please let them know. I thanked him for his support and told him I would look into the Air America situation and be back in touch with him. John McMahon, A/DDA, is looking into this.
